

Any happier now?

STR.

If you gotta boyfriend, then take a break  
Take a look at me, cause I ain't fake  
There's no reason why you can't have some fun with me.

I know it's a point of no return,  
I will strike a light, I swear your heart will burn  
I only want to F.U.C.K. with you

Won't you hurry up, undress and wait for me.....

Are you any happier now?  
Or still disappointed?

STR.

I don't care if he's rich or strong ,  
cause your boyfriend sits home all alone  
Just forget your boy toy, and start playing games with me

Hey baby this night is yours and mine,  
we will bite and play till the sun will shine,  
And in the morning I'll be gone and never come back again

BRDG

Won't you hurry up, undress and wait for me.....
