

Don` t care

I don` t care about revolutions
I don` t care about constitutions
I don` t care about money and cars
And I don` t care about hollywood stars

I don` t care about the time
Don` t care about the crime
Don` t care about rock bands
And all their fucking fans
I don` t care about my hunnies
Those fucking pretty bunnies
I don` t care about new fashion
And all consuming passion
I don` t care about morality
And if you have the twitch
Don` t care about poverty
And if you are rich
Don` t care about a majority
Cause life is a bitch

Bridge:
And I give a fuck:// what I said

Ref:
Desperation is gone://
A new season is born

You shouldn` t care about me and my band
You shouldn` t care about somebody`s brand
You shouldn` t care about sexy deessous
and just don` t care if you win or lose

Don` t care about relegion
Don` t care about suspicion
Forget the hope of glory
It`s still a hopeless story
don` t care about Jim Morris
and all your fucking worries

Bridge1.
Ref.

Bridge2:

Cause there will be a time
Where everybody loves each other
Where birds are singing
And your enemy is now your brother
Politicians will say the truth

The pope will be a girl
If you believe what I said
you are a fool
